

Muzlifah Haniffa, FMedSci

Muzlifah Haniffa is a Wellcome Senior Clinical Research Fellow, Faculty in Cellular Genetics, Wellcome Sanger Institute and Professor of Dermatology and Immunology at Newcastle University. She graduated from medical school in Cardiff, trained as a junior doctor in Cambridge and received her dermatology specialist training in Newcastle. Muzlifah is a Fellow of the Academy of Medical Sciences and a recipient of the Academy of Medical Sciences

Foulkes Foundation Medal and the European Federation of Immunological Societies ACTERIA Prize in Immunology and Allergology.

Muzlifah is a leading member of the Human Cell Atlas initiative and pioneered the application of single cell genomics to decode the developing human immune system, and the human skin in health and disease.
