

Yael Renert-Yuval, MD MSc

Yael Renert-Yuval is an attending dermatologist in the largest pediatric dermatology unit in Israel—at the Tel Aviv University-affiliated Schneider Children's Medical Center in Petah Tikva, Israel.

Atopic dermatitis has been a central focus of Dr. Renert-Yuval's research thus far, and the multifaceted nature of this fascinating disease presents challenges in daily practice, motivating her to continually refine disease understanding and improve patient care. Her ultimate career objective is to enhance patient care by applying cutting-edge scientific and clinical research, leveraging the diverse array of tools she has acquired through years of extensive exploration in the field.

An IEC Councilor, Dr. Renert-Yuval recognizes the immense strength and synergy derived from combining clinical and scientific endeavors. She has experience in Israel as an attending dermatologist and pediatric dermatologist in Israel and in New York, NY, USA, as a scientist at the Inflammatory Skin Disease Laboratory in Mount Sinai Hospital and at the Laboratory for Investigative Dermatology at Rockefeller University.
