

Eric Simpson, MD MCR heads the Department of Dermatology's Clinical Studies Unit at Oregon Health & Sciences University. He has a special interest in chronic inflammatory skin diseases. He is funded by the National Institutes of Health and industry partners to study new approaches to skin disease treatment and prevention. Dr. Simpson regularly instructs residents and medical students in dermatology.

Dr. Simpson has published more than 70 scientific articles in peer-reviewed journals including the *New England Journal of Medicine* and *The Lancet*. He is co-chair of the Scientific Advisory Committee of the National Eczema Association and is on the executive committee of the Harmonizing Outcome Measures in Eczema (HOME), which seeks to improve the quality of eczema research.
